DRUGGIST SAYS HYDE PURCHASED STRANGE POISON

Never Knew Physician Before
to Buy Cyanide in
Capsules.

Arouses Suspicion of People
in Store.

HE INTENDED TO KILL DOGS.

Kansas City, April 27.—Ada Hoover, bookkeeper at a drug store, this morning testified at the Hyde trial that the doctor purchased cyanide in capsules, and a culture tube at the store. The books showed he purchased cyanide several times. Williams, one of the clerks in the store, testified that he sold poison to Hyde. He identified a capsule as one he sold Hyde. He said it was not the custom for physicians to purchase cyanide. Williams swore he sold Hyde twelve capsules two months after the death of Colonel Swope.

Druggist Becklein testified at the resumption of the Hyde trial today that Hyde purchased cyanide in his store in capsules. He said his suspicion was aroused by the heavy purchases. He testified that during 23 years' experience he never before sold cyanide to a physician for medicinal purposes. Others gave damaging evidence on the purchasing of poison. Hyde said he wanted to kill dogs.

Louisiana Negro Saved.

Napoleonville, La., April 27.—Just as a mob had formed at Labadieville, La., the avowed purpose being to lynch Drocin Barnes, a negro, a sheriff's posse arrived, took the negro from them and rushed him to the jail at Napoleonville for safekeeping. Barnes is alleged to have stabbed Aristide Deleune, a bridge keeper at Labadieville.

Medical Society Meeting.

Tonight at 8 o'clock the McCracken County Medical society will hold its regular meeting at the Woman's club. Drs. S. Z. Holland and Della Caldwell will discuss "Tuberculosis." Other business to be transacted will be that of making arrangements for the entertainment of the Southwestern Medical association here May 10 and 11.

Black Hand Outrage

Chicago, April 27.—Police are trying to solve the seventeenth Black Hand outrage today. At midnight last night Gaetano Dissalva was found on the sidewalk dead with two bullet wounds and three knife wounds in his breast. A Black Hand letter in a woman's writing was found in his pocket.

MISS OLIVE RUSLER WILL
NOT BE A CANDIDATE.

Miss Olive Rusler, teacher of botany and science classes in the High school has resigned her position, and will not be a candidate for re-election. Miss Rusler will remain as a member of the faculty until the close of the present term and then will return to her home at Granville, O. She has been a teacher in the High school only for one year, but has made many friends in the city who will regret to see her leave. Her resignation will leave two vacancies in the faculty, as Mrs. M. E. Ligon will not be an applicant for re-election.

Illinois Bankers

Group ten of the Illinois Bankers' association will meet at Metropolis on May 25. The association comprises the following counties: Alexander, Franklin, Gallatin, Hamilton, Hardin, Jackson, Johnson, Massac, Pope, Pulaski, Williamson, Saline, Union and White.

SEWER CONNECTIONS
BEING HASTILY MADE

Up to 3 o'clock this afternoon Sewer Inspector A. Franke has issued about 60 permits to property owners in sewer district No. 1 for immediate connections. Since the city and health department have taken steps to compel the property owners to connect they have realized that it is no joke and applications for permits are coming in thick and fast. About 200 owners have not connected and so far warrants have been issued against 40 of them. In order to give them an opportunity to connect the cases have been left open until Monday morning.

Panama Canal Will be Opened in 1914, According to Authorities, Though Not Officially Announced

Rockefeller is Getting Tired
of Waiting For Congress to
Act on His Foundation—
Cotton Probe Explained.

Washington, April 27.—The Panama canal will open as early as 1914. This unofficial announcement is from the highest source today. Authorities refuse to change the official announcement of the opening for 1915 as they are afraid of failure to open earlier.

The Cotton Probe.

Washington, April 27.—A message of reassurance to the cotton trade was issued by the department of justice today. It said: "The action of the government in instituting an investigation in New York concerning an alleged cotton pool is not to be construed as an attack on legitimate cotton exchanges. The proceedings are not completed and as it is before the grand jury it can't be discussed at present."

Rockefeller is Tired.

Washington, April 27.—Rockefeller, tired of waiting on congress to accept his gift of a half billion dollars, is expected to take steps to incorporate his "foundation" under laws of some state. This was caused by the objections of Senators Hepburn and La Follette. Hepburn fears it might relieve the entire Rockefeller estate from taxation. La Follette and others say the terms of the measure are too indefinite.

"The Rockefeller foundation will perpetuate the Standard Oil company because by the terms with the measure it will leave the investments in the hands of that company and give it additional advantages over other companies." Said Senator Hepburn today. "It would free the millions of the Standard Oil from taxation, and be the medium of avoiding the collection of the collateral inheritance tax the corporation will be perpetual by the bill."

Invites Insurgents to Join.

Washington, April 27.—In a speech, attacking the constitutionality of the railroad bill in the senate today, Senator Raynor invited the insurgents to join the Democratic party. He said: "I suggest that they join, as there is no difference between us." He said he is getting weary of being rejected by the insurgents when the supreme moment comes after being political friends. He said when he listens to the senator from Iowa recite the crimes of the Republican party he is thrilled. He offers them an escape by entrance into the Democratic party.

Senator Dolliver, speaking in behalf of the insurgents, today declined the Democratic offer to join them, saying, "We have sympathy with your party, but little confidence in it." He said the present political evil is that a few men have grown so strong they are knocking the heads of the two parties together. He declared the party of the future will be on the Abe Lincoln lines, with an unfettered start and a fair chance for every man.

His Fingers Crushed.

Two fingers of C. H. Norman, a traveling salesman, were crushed yesterday when the door of a cab slammed. He was leaving the Palmer House for the Union station when the accident occurred, and he had to delay his trip until Dr. R. E. Hearne dressed the injury.

Grand Master Mason Arrives Here Today

Grand Master John H. Cowles, of the Kentucky Masons arrived in Paducah this morning at 9 o'clock, and today was the guest of the Plain City and Paducah lodges of Masons. Appropriate entertainment has been arranged for the grand master and tonight at the Fraternity building there will be work in the third degree. This is the first time a grand master has visited Paducah in twelve years, and there will be a liberal representation of Masons from surrounding lodges tonight. Grand Master Cowles arrived in Paducah this morning at 9 o'clock from Calhoun, where he laid the cornerstone of a new Masonic building yesterday. He was met at the Union station by a reception committee and was conducted to the Palmer House, where he met many Masons. This afternoon he was taken over the city in an automobile.

This evening at 6 o'clock a dinner will be given at the Palmer House in

GOV. PATTERSON ACCUSES JUDGES

EXECUTIVE AND JUDICIAL DE-
PARTMENTS OF TENNESSEE
SEE IN A ROW.

Nashville, Tenn., April 27.—Governor Patterson today responded to three supreme court judges, charging him with an attempt to coerce the court in the Cooper case. He charges that the judges wanted to use the case as a political asset and not render a decision till after they secured re-election.

Patterson said: "I believe the Cooper case will be tried on its merits. If any responsibility is thrown on him, I will decide according to my own judgment." He said the attempt to involve the executive in the case tried by them gives scant assurance to the people that the judges really are solicitous to maintain the independence of the co-ordinate branches of the government.

Southern Increases Wages.

Princeton, Ind., April 27.—Officials notice was given at the Southern railroad shops here today of the general increase, effective April 1 of 3 1/2 cents an hour in all mechanical departments of the shops throughout the Southern railway system, with the exception of the machinists who received an increase of 4 1/2 cents an hour.

Sees Sham Battle.

Paris, April 27.—A sham battle was given in honor of Roosevelt today. Cannons were in action, charges, cavalry and other evolutions. At the end of the battle Roosevelt raised out of his saddle and shouted "Good." He will visit Versailles this afternoon. He probably will see "Chantier."

"It was the finest sight I have seen in years," was Roosevelt's comment on quitting the field. Thousands cheered the colonel. He made a visit to the palace and lunched at the embassy.

Graft Jurors Discharged

Pittsburgh, April 27.—The panel of petit jurors, except those deliberating on the evidence of former Councilman Coffee's case, was discharged today. It was announced there will be no more graft trials at present. It is thought the discharge shows there are no prospects of finding the alleged grafters guilty.

HEINZE PROSECUTION
CLAIMS IT HAS A CASE

New York, April 27.—Attorney Wise for the prosecution said he will produce fifty brokers to testify that Heinze is in a copper pool. Under a ruling of the court, the prosecution must prove it was a pool to manipulate the price of copper stocks. Heinze is a member of the pool, shared in the profits, and money borrowed was to be used in transactions of the pool. The pool lost money to the bank. Judge Hough denied the motion of Heinze's attorney to dismiss the indictment as defective. The consolidated indictments against Heinze will contain 15 counts, alleging over-certification, and 23 alleging misapplication of the bank's funds.

MARSHALL JURY COMES TOMORROW TO TRY SMEDLEY

On First Forgery Indictment
Against Former County
Court Clerk.

Acquittal Returned in a Red
Light Case.

FEDERAL COURT ADJOURNS.

Two acquittals were returned this morning in circuit court after trials had been given the defendants. Maggie Cherry was acquitted of the charge of grand larceny. It was alleged that she stole \$40 from George Davenport, a farmer, who was out enjoying the red lights. Annie May Walston, colored, who was charged with false swearing, was acquitted. She was held over from police court for alleged false swearing in a trial.

Ernest Elmendorf, indicted on the charge of being a common gambler, was arrested and released on a bond of \$100. His trial was set for the second day of the September term. The trial of Jim Taylor, charged with petit larceny, was reset for tomorrow. A demurrer by the plaintiff to the indictment was overruled. George Clark, colored, a witness in the case against Dan Williams, was given two hours in the county jail for being late in court.

Tomorrow the most interesting trial on the docket will be that of Hiram Smedley, charged with forgery. Sheriff Houser has summoned a venire from Marshall county for the purpose of trying the case. It will be the first trial for forgery.

Orders made were: Globe Bank and Trust company vs. J. E. Wilhelm, et al; consolidated judgment offered by plaintiff and lodged.

Hahn vs. Hahn; submitted. Rosa Wood vs. C. K. Wood; statement by plaintiff filed. J. W. Lockwood, petit juror, was excused and J. A. Hodge empaneled to fill the vacancy. Other new jurors are: J. D. Reeder, Louis Raff, W. L. Farthing, H. T. Kennedy, J. H. Pryor, J. Walt Boland, John Theobald, D. A. Robertson, J. W. Ellis, Jack Phelps.

Indictments. Two indictments were returned this morning by the grand jury. Tom Jackson, colored, was indicted for petit larceny, it being alleged he stole \$2 from Carrie and Tuck Lowe. The second indictment was not made public because the defendant was not under arrest.

Suspects Employ Attorney.

Attorney David Browning has been engaged by Hale and Guire to defend them for the murder of Luther Thompson in case the grand jury returns an indictment. Mr. Browning is in correspondence with their relatives. He says that the two men are not guilty of the crime and it will be easy to establish an alibi. They were not in Paducah at the time of the killing. Hale says that after they reached Paducah, having come from Fulton in a car loaded with lumber, they went to a place supposed to be Grand Rivers, where they sold a silver watch to a farmer. On learning the freight train was going to Louisville, they say they returned to Paducah, arriving Sunday morning about 9 o'clock. They thought they were going to Cairo when they left Fulton.

Both men have ceased talking about the murder upon advice of their attorney, and this morning Attorney Browning reminded Judge Reed that Hale and Guire had been taken before the grand jury, when they were charged with the crime. If called before the grand jury again, Judge Reed said he would instruct the two prisoners that they are not required to answer any questions.

Collins Not Satisfied.

Detective Collins said today he had never believed the dead boy was Luther Thompson from certain facts gathered, but he could not dispute Mrs. Lum Thompson, who positively identified the body as that of her son. It is possible that she may have been mistaken, as J. W. Hite was in identifying the body of Higerson Riley as his son, Richard Hite, last year.

In Federal Court.

Federal court was adjourned at 10 o'clock this morning by Judge

Celebrating Fifty Years Peace; Plan for Blue and Gray Reunion at N. O. During the Exposition

Louisiana Division Proposes
U. C. V. and G. A. R. Demon-
stration—General Gordon
For Commander.

Mobile, Ala., April 27.—Plans for a jubilee to be celebrated by veterans of the Civil war at New Orleans in 1915 was proposed by Louisiana's delegation of Confederates now holding their reunion here. The idea met with favor. Plans probably will be taken up with the G. A. R.

The veterans' idea is to celebrate 50 years of peace during the proposed panama canal exposition at New Orleans.

When the business session is resumed it is probable General George Gordon will be appointed successor to Commander Evans, who retires. Details of his election are practically settled. Gordon is commander of the Tennessee division.

Daughter of Confederacy.

A slender, black-clad, frightened girl stood on a raised platform, and while 6,000 Confederate veterans cheered, and while the bands played "Dixie," a score or more gray-bearded Confederate general officers passed in review before her and with uncovered heads kissed her hand. The young girl was Miss Lucy White Hayes, granddaughter of the only president of the Confederacy. The big tent, which is said to seat comfortably 6,000 people, was packed to its topmost tier of seats. The sides had been raised and the throngs outside had pressed in. When the new "Daughter of the Confederacy" was being presented to the convention the old veterans went mad. The band was playing "Dixie"—three of them were—but the combined basses could not drown out the cheers. The veterans surged forward, but the ropes stopped them. Then, one by one, the stately general officers on the stage moved in review before the frightened, trembling girl, and each kissed her hand as he passed.

Miss Hayes' eyes filled with tears and she seemed overcome with emotion as she passed back to her seat on the arm of her maid of honor, Miss Ella Mitchell. Miss Hayes is the "sponsoring for the Southern Confederacy" in the reunion, and takes rank over all other sponsors and maids.

The Confederate choir sang and Judge L. B. McFarland, of Memphis, delivered the oration of the day.

The predicted change in the weather had come. The wind had died down, the sun came out brightly, and long before time for the opening session more than one veteran had doffed his heavy uniform coat and was wandering around in his shirt sleeves.

Although the opening of the reunion was set for 9 o'clock, it was after 10 when Mrs. J. Griff Edwards, commander-in-chief of the Confederate choir, swung her baton over the gray-clad choir of young women, and a bugle sounded assembly. Meantime, scores of bands and drum corps were leading delegations of recent arrivals into the camp grounds.

The sessions of the reunion are being held in a huge tent in Monroe park. It looks like a circus tent, with thousands of seats in the amphitheater and tier upon tier of the familiar circus benches rising all around.

The tent was filled long before

TEAMSTERS FORM UNION LOCAL HERE

ICE WAGON DRIVERS ARE ORIG-
INATORS AND SCALE IS
BEING PREPARED.

With a charter membership of fourteen members, the Teamsters Union No. 145 was organized last night by ice wagon drivers at the bricklayers hall on North Fourth street. The new union was instituted by R. M. Miles, organized for this district, assisted by George Ballowe, president of the Central Labor union, and Charles Hayman, of the ship caulkers union. While at present the only members are drivers of ice wagons, it is expected the membership will include with other teamsters. A wage scale is being prepared and will be presented May 1. The officers of the new union are: Leslie Hobson, president; Robert Stephenson, vice-president; G. B. Chappel, treasurer; Ralph Wallace, secretary; K. B. Burnam, financial secretary; Mest Chappel, conductor; and Carl Gosby, sentinal.

WOLTER SENTENCED.
New York, April 27.—Albert Wolter, convicted slayer of Ruth Wheeler, was sentenced to be electrocuted at Sing Sing the week of June 6 by Judge Foster today.

the opening number, and finally the sides were raised, and those outside were permitted to see, even if they could not hear.

The arrival of Gen. Clement A. Evans was the signal for the first ovation, which drowned out the efforts of three brass bands, each playing a different air, but when Mrs. Edwards signalled her choir to rise and face the audience, her slender figure almost shrouded in a huge silk Confederate flag, there was a roar that outlasted even the greeting to the commanding general.

"Dixie" was the call from all over the huge tent. A band from Little Rock answered the call, and another ear-splitting demonstration followed. Meanwhile, the chairman, W. K. P. Wilson, was pounding vigorously for order. He started to talk, and finally quiet was restored. The chairman succeeded in making his talk, and then the demands for "Dixie" were complied with. Escorted by a score of Confederate generals in full uniform, herself wearing a major-general's insignia, Mrs. Edwards took the stage. Surrounded by her choir, the orchestra struck into the war hymn of the south. Mrs. Edwards' clear soprano voice filled the tent. When the song was over there was another demonstration. Miss Vera Williams, one of Mobile's prettiest young women, recited an original poem, and Governor Comer, of Alabama, was introduced.

Leatherworkers Out Again.

Members of the Leatherworkers' union are out again, owing to a misunderstanding in regard to the agreement between the union and M. Michael & Brother. The men ceased work again yesterday, but are hopeful that the trouble will be adjusted satisfactorily soon. One member explained that it is not a second strike, but owing to the friction over the agreement it was thought better to quit work until settled. It is thought the misunderstanding can be corrected without the aid of the national officers.

MURRAY WINS CASE ON
APPEAL TO HIGH COURT

Frankfort, Ky., April 27. (Special.)—The appellate court reversed the Calloway circuit court in the case of the city of Murray against C. N. Crawford, and sustains the demurrer to the petition. The appellate sought to enforce sale to the city of a certain property for an electric light plant.

DISCHARGED SOLDIER
WANTS TO REENLIST

Captain George W. Kirkpatrick, of Evansville, who returned home from Paducah yesterday morning, brought news to the local station that one of the fourteen Brownsville negroes, were recommended for re-enlistment in the Twenty-fifth infantry by the last command, had been accepted at the Evansville station. He is Henry W. Arvin, of that city, and will go back to his post. Only fourteen out of the entire battalion that were let out were recommended for acceptance. Arvin is the first of them to reenlist. Capt. Kirkpatrick's visit here was for the regular inspection. No recruits were on hand for acceptance.

PRODUCTION OF FOOD IS BEHIND

WILSON SAYS IT DOES NOT KEEP
UP WITH INCREASE OF
POPULATION.

New York, April 27.—"The population is increasing faster than the food production," declared Secretary Wilson, discussing the cost of living before the Produce Exchange today. He said: "The cost of living calls for careful inquiry into new causes. Formerly land was abundant and the farmer received lower pay than others. Now things are changed. It costs the farmer twice as much to grow things as it did ten years ago."

BLOODY BATTLE WITH INSURGENTS AMONG ALBANIANS

Reported That Rebels Are
Cutting Arms Off Their
Prisoners.

Turkish Troops Are Defeated
by Them.

RESERVES RUSHED FORWARD.

Salonica, April 27.—Five hundred Albanians, mostly women and children, were killed in the Turkish bombardment of Godantz, according to dispatches today. The town is practically destroyed.

Government Active.

Constantinople, April 27.—The government is hastening the mobilization of 60,000 troops today to be rushed to Albania to suppress the rebellion, which has gone against the 30,000 troops now in the field. A thousand soldiers and rebels were killed in the battle of Stimja; 200 were killed in the fight at Terna-Lova pass. Thousands were injured. Hundreds are dying for lack of attention. The success of the rebels has caused a revision of feeling toward Chetef Pasha. He is considered the greatest since the overthrow of Abdul Hamid.

Kansas Auditor Dies.

Topeka, Kansas, April 27.—George E. Cole, auditor of Kansas for three terms, is dead of Bright's disease.

Tyler Goes Acquid.

Charles Tyler, colored, against whom the grand jury returned four indictments charging him with detaining a white woman against her will, was tried on two charges this afternoon and acquitted on both. The other two were thrown out of court.

HIS SKULL WAS CRUSHED

BUT HE IS STILL LIVING.
With a portion of his skull three inches long and 1 1/2 inches wide gone W. C. Gordon, formerly manager of the Singer Sewing Machine company here, but now of Louisville, is alive and in good health. Mr. Gordon is here for a visit and his case was one of the most remarkable ever seen here. Last summer he fell from a second story window to the concrete pavement, crushing his skull. A successful operation was performed and he is now fully recovered.

County Judge Bleich

McCracken county has a Republican county judge this week. During the absence of County Judge Albert W. Barkley in Frankfort, Magistrate John J. Bleich is officiating at county judge pro tem. By reason of the fact that Magistrate Bleich resides in the same magisterial district as the court house, he is county judge, whenever the regular official is absent from the city.

YOUTHFUL PRISONER
MAKES DARING ESCAPE

Leitchfield, Ky., April 27. (Special.)—John Patterson, 16 years old, being taken to the Lexington reform school on a charge of stealing \$15, jumped from the toilet room window of a fast moving Illinois Central train and escaped.

PADUCAH WOMAN'S SON
MAY BE A MINE VICTIM

Relatives of John F. Smith are trying to ascertain whether he was the miner killed in an explosion in a mine at Amsterdam, O., but so far have been unable to locate him. His mother, Mrs. William Smith, resides at 1217 South Seventh street. When last heard from he was in Cincinnati, and it is thought possibly that he went to Amsterdam and secured employment in the mine. A telegram has been sent to an address in Cincinnati, but no reply received, as was the case when letters were written. Smith is 18 years old, about five feet tall, light curly hair, blue eyes, and rather heavy build.

Notice to Contractors.

I will on Saturday, the 7th day of May 1910, at the hour of 10 o'clock a. m., in the county court room at Paducah, Ky., receive bids for the construction of the Public Drainage Ditch established by judgment of the McCracken county court filed September 8, 1909, in the action of the Realty Department company, ex parte.

Said ditch begins on the east side of the Husbands road where crossed by Island Creek and extends thence an east course for a distance of 16,680 feet to the West Fork of Clark's river. Detailed specifications for work to be done, together with plan and profile can be found at the County Clerk's office, and any other information desired by bidders on the work will be furnished by H. L. Harrison, engineer, or the ditch commissioner.

All bids must be made on this work for completion of the job as a whole. W. L. BOWER, Ditch Commissioner for McCracken County.

Notice to Shippers.
Commencing Monday, May 2, 1910, freight warehouses of these companies will close at 1 p. m. on Saturdays; therefore, after the date mentioned, no freight will be received or delivered after 1 p. m. on Saturdays during the months of May, June, July and August, 1910.

LETTER CARRIERS

GET OVERTIME PAY FOR EIGHT YEARS BACK.

House Committee On Claims Allows Kentuckians \$3,488.

Claims of the letter carriers for overtime as far back as eight years ago have been allowed by the house committee on claims. For the state of Kentucky a total of \$3,488 was allowed, and the bulk of it will go to former Paducah carriers as the sum distributed in the city will be \$2,168.94. Now letter carriers are not permitted to work over eight hours by the enforcement of a penalty. The local carriers filed claims for money due for overtime several years ago and have been at work urging the committee to make the allowances. Only two of the men allowed money are now carriers: Charles A. Grimm and Joe H. Yarbrough. The allowances for Paducah carriers are: John W. Bayham, \$341.67; Edward K. Bonds, \$295.52; Peter Derrington, \$131.05; Frank Dunn, \$185.56; Charles A. Grimm, \$214.16; Charles Holliday, \$258.68; Lee A. Reynolds, \$185.54; Joe M. Yarbrough, \$108.84; Frank P. Earhart, \$228.76; John W. Moore, \$25.16. Total \$2,168.94. Grand total for Kentucky, \$3,488.

At Vincennes.
Although no information has been received here it is announced in the Danville (Ill.) newspapers that Manager Nairn, of the Vincennes baseball club, has gotten down to business and has begun the work of signing a team. Four players have already placed their names to contracts according to the advice and one of these is said to be a very promising pitcher. His name is given as Dan Morgan and his sensational work for the Danville High school is what attracted the attention of Nairn. Carter, a catcher, who has been trying out with the Danville Three Eye league team, but who was released to make room for an "old hand," has also been signed by Nairn. E. Jones and Dick Wilson, infielders, are two others who will be given an opportunity here. Nairn also has several others on his string and it is believed he will have at least fifteen men signed when the time comes for reporting next week. He is now at Danville, Ill., trying to persuade Manager McCarthy of the Three Eye team to let him have a good third baseman.—Vincennes Capital.

News of Theatres

The opening of "The Kentucky" summer season Monday, May 2, offers as a summer attraction, family vaudeville and pictures. Word has been received from Mr. Carney, of Chicago, that all arrangements have been completed for the opening, and continuing through the summer months. The feature of the picture entertainment will be the rendering of the illustrated songs for which has been engaged a special singer, as well as service. On Thursday the opening bill will be announced.

"Lucretia Borgia" will be the attraction presented by the Renfras at the Kentucky tonight. The company is pleasing the patrons of popular price drama very much and has had good size audiences each night.

HOW TO FIND OUT.

Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling usually indicates an unhealthy condition of the kidneys. Too frequent desire to urinate, scanty supply, pain or dull ache in the back, should also convince you that the kidneys or bladder are out of order.

What To Do.
There is comfort in the knowledge so often expressed that Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, fulfills almost every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold urine, and sending pain in passing it, or had effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate.

The mild, pleasant and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful results in the most distressing cases. If you need a medicine, you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle of Swamp-Root, the great kidney remedy, and a book that tells all about it, both sent absolutely free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing be sure to mention that you read this generous offer in the Paducah Daily Sun. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Washington, April 27.—The senate committee on judiciary voted to conduct a thorough examination into what is known as the "third degree" methods of extorting confessions from persons charged with crime, also the practice of employing persons in the espionage of jurors.

The resolution was the result of reports of the "third degree ordeal" practiced by the police of Atlantic City upon William Seyler, charged with the murder of Jane Adams. Investigation of the practice of employing persons in the espionage of jurors was prompted by disclosures made during the investigation by the committee of charges against Robert T. Devlin, United States attorney for the northern district of California.

TEMPLE ISRAEL CELEBRATES PASSOVER WITH SUPPER.

Beautifully Decorated Table for Seven Course Repast at the Woman's Club.

The celebration of the first Feast of the Passover was observed last night by the congregation of Temple Israel at the Woman's club building, where the regular services were held in addition to a banquet that was served. The regular church service was conducted by the rabbi, the Rev. Meyer Lovitch. Traditional music was rendered by some of the members of the Sabbath school.

For the banquet the table was arranged in rectangular form, with beautiful decorations. A color scheme of green and white was effectively carried out in the pretty decorations. On the table was a layer of fern leaves, while at intervals were vases with lilies and white carnations. A seven course dinner was served. Plates for 125 were set.

HINTS FOR PROSPECTIVE BUILDERS

This is a great era of home-building in Paducah. Everybody seems to be realizing that the best
home is a home they own and have built as they want it. For the benefit of our readers who are con-
sidering building and are still undecided as to the style or price of home to build, we are, each week on
this page, showing original, attractive and practical illustrations of modern moderate priced houses that
will offer helpful suggestions and give a fairly accurate idea of what it will cost to build.

A Beautiful City Home for \$4,000

This is a fine example of the square style of dwelling, so popular with many builders.

Full two stories in height. First story, 9 feet; second, 8 feet 6 inches; 7-foot cellar under entire
house. Seven rooms and bath. The above estimate is based on cement stucco on hollow tile or brick
veneer construction, and includes mantels, grates, furnace and plumbing.

The merit of the square house lies in the compact and convenient arrangement of rooms and the
consequent-elimination of waste space. Attractive features of this plan of more than passing note, on the
first floor, the unique porch and terrace, the large living room, lighted in front by a bank of five cas-
ement windows, the convenient arrangement of kitchen and pantry to dining room; on the second floor,
every room an outside room and with good-sized closets.

If a covered porch is preferred same can be added for about \$150.00 over the above estimate.

Complete plans and specifications, in duplicate, for building this house may be secured from this office
for \$40.00. For alterations, making additions or reversing plans a slight charge will be made, dependent
as to the amount of extra work involved.

Daily Thought.

He has ceased to live who does not long for more life.

Hope springs eternal—Memphis has revived agitation for a new station.

The mills of the federal court don't grind slowly, but they grind exceedingly small, nevertheless.

Any small boy knows that the question of whether or not that comet strikes the earth depends upon the length of its tail.

The Daughters of 1812 are now in session at Washington. But for real excitement and insurgency give us a session of the Daughters of 1893.

We glanced over the editorial page of the Nashville Banner this morning with pleasure, unalloyed with a haunting sense that we had read that somewhere before.

When the editor of the Nashville Banner penned that editorial about "April Snow" Monday, he didn't know those truck gardeners he was writing about, live on the Cairo road.

The luminous celestial body, whose bright rays penetrated the clouds for the first time today, as it moved slowly in a seemingly westerly direction overhead, was not Halley's comet—it was the sun.

RURAL LAPSES.

Rural communities may be the reserve store house of all our virtues, as some ministers, who point to the fact that the pulpit is recruited from the country churches, aver; but it is also true that elemental passions are less subdued in regions where the majesty of the law is less palpable to the sense and the infrequency of the individual impact with the social mass enforces no lesson of respect for the rights of others. Most of the cases in the federal courts at this time are violations of the internal revenue law and violation of the postal laws. Destroying mail boxes, tampering with other peoples' mail, fishing money from postoffice cash drawers, assaulting mail carriers in the performance of their duty—all these cases come from rural communities. What city man would risk facing the autocratic authority of Uncle Sam's judge for a few dollars or the gratification of a petty spite?

In the city the criminal law deals principally with offenses of weaklings, who are run down and have the manhood crushed out of them by the indifference of the social mass; their offenses are of the character, which respect for inexorable law will not prevent, and in most instances a heartless society itself is the real criminal and the defendant the victim. Man is peculiarly a creature of environment, developing evil tendencies of one character, when crowded too closely with his kind, running to excesses another way, when too much by himself. Observations teach us the lesson, that it does no good to compare life in the city with life in the country, and endeavor to cultivate artificially rural peculiarities in the city, or vice versa. We have different conditions to meet in the city, and we must adopt our means of elevation to these conditions, and not apply rural methods to city seeds.

ROOSEVELT AND TAFT.

Taft Not a Standpatter.

If President Taft is an aspirant for renomination at the Republican national convention, the standpatters will not be for him, but against him. He is not as demonstrative an antagonist of the interests as Roosevelt, but he is just as implacable; and his legal training has equipped him for setting legislation on to them that will bite instead of bark.

It is sufficiently well known that personal considerations discount the unfavorable estimate put upon Roosevelt by W. R. Hearst; but this need not blind us to the shrewd foresight displayed by that picturesque personage in his indorsement of Taft. In addition to his natural desire to combat their quondam hero is at least his successor, Hearst knows that ere long the standpat administration for Taft will fall away in the discovery large and prophetic manner, when the true and legal adherent and executive of what we call the Roosevelt policies.

A thing that seldom if ever finds its way into the newspapers, but is perfectly well known to those on the inside, is that Wall street infinitely prefers Roosevelt to Taft because organized privilege was able to circumvent the one and can not escape the other. The laws he will get will stick; and the indictments he has drawn will convict. Even the tariff commission, in his determined and fearless hands, will choke the last

A MAN MAY SMILE AND SMILE.

Elevated to the position of presidency in the "fierce light that beats about a throne," intensified by the pitiless reflectors of the press, which, we must admit, sometimes produce queer illusory shadows in places where there is no form or substance for suspicion, the human weaknesses and the personal shortcomings of a man show up all out of proportion to his virtues. This is particularly so, because in the heat of the campaign preceding his elevation to the position the requirements of the office are vividly impressed upon the public, the president-elect is magnified in the eyes of his supporters to such an exaggerated extent that more than human performances are expected of him, and anything short of perfection in his conduct is a disappointment, a feeling for which his political enemies are prone to furnish excuse. He has made certain specific promises upon the hustings, and set forth specific policies in his platform. If immediately upon his assumption of authority—presto!—the promises are not magically fulfilled, the policies discovered automatically and instantaneously in full working order, our demi-god has vanished, our magician has failed, we see but a man, maybe a large, heavy set man, a pleasant man, who shakes hands with people we dislike. Having already found that we were deceived in thinking him more than human, we begin to suspect that he somehow has imposed on us. The fact that he smiles and shakes hands with the people we don't like, is very convincing evidence that he is not entirely free from guile. If we were president we wouldn't shake hands with anybody but Insurgents, and we would never receive a wealthy man at the white house without leaving the telephone receiver down, so that "central" could hear every word we say.

That is what is wrong with President Taft. He picked out a lot of first class lawyers for his cabinet. Being first class lawyers, they represented big interests in big lawsuits and received big fees. That was another suspicious circumstance. Being a lawyer himself, and for years a federal judge, he knew that the carefully drawn federal laws—especially those relating to corporations, which were drawn by corporation counsel in congress—"usually didn't hold water." He prepared such laws as he desired to effectuate his policies and submitted them to congressional committees. Naturally, if Mr. Taft wished to secure laws for the benefit of private interests, he would draw them himself and take all the blame. That would be just like all the crafty villains we ever heard of.

Then he selected Governor Hughes of New York, for the supreme bench. Everybody admits that Hughes is by character, intellect, temperament and knowledge particularly well fitted for a place on the supreme bench, that he is in hearty sympathy with the progressive spirit of the age, and with a man of sufficient erudition and strength of character to hold fast to principle through all storms of public passion. Yet, we cannot avoid the suspicion that it was a shrewdly designed scheme of President Taft's friends, the race track gamblers, to get Governor Hughes out of New York politics.

President Taft has given away Alaska to the Guggenheims according to the uplift magazine editors, who lately ceased talking about the increased postage on their heavy advertising mediums; he has assassinated the Roosevelt policies, according to the organs of the syndicates, which would incite hostility to the corporation publicity and railroad rate measures; he is the arch-traitor, according to the Chicago newspapers, under the influence of the big Chicago importing houses; he is too good tempered, according to the Insurgents, who wish him to head a faction, instead of his whole party.

But somehow, Bill looks to us like a smiling headland in a storm. A

breath out of the high tariff combination.—Terre Haute Star.

Affirming the Decalogue.

But it is given to men who loom large in the public eye to be platinous with impunity, to shape the obvious and the inevitable in the mold particular to themselves, to repeat what is true without concern as to its being new; to discover, as Tom Reed said of Colonel Roosevelt in an earlier day, the ten commandments. And when they do that in a large and prophetic manner, when they pledge anew not only themselves but those for whom they speak, to the fundamental and basic principles of right living and honesty, of tolerance and truth, then must their utterances be regarded as something more than a perfunctory or idle profession of faith.

There are times when even the decalogue needs emphasizing, when it is important that the world at large should learn, what it is prone to overlook, that our part of the world in particular does not wholly found its moral and business life on the Eleventh Commandment—"Don't get found out." And to this necessary work Mr. Roosevelt is peculiarly suited. He speaks with authority, he has had a large experience, he has done some of the Auegan work with his own hands, he has practiced as well as preached, and he retains with marvelous tenacity as well as enthusiasm the illusions of youth.—Louisville Times.

VOICE OF THE PEOPLE.

U. S. S. Indiana, April 25, 1910. Editor of the Sun:—I thought it would be interesting to the public to hear about the welfare of this good ship. We are in Philadelphia now, going under minor repairs and expect to be all O. K. in about a week's time. We were down to the breakwater of the Delaware river last week going under an inspection of a new invention in the shape of a gate form, which extends out from the sides, for the purpose of turning or stopping the ship, which proved a great success. In the latter part of

U. S. Naval Academy, Annapolis, to take the midshipmen on a practice cruise to all European ports, which is as follows:
U. S. Naval Academy, Annapolis, Md., June 6, 1910; Mary Academy Orders No. 31: The midshipmen practice squadron for 1910 will be composed of the battleships Indiana, Iowa, and the Massachusetts. The itinerary is of the following ports: Leave Annapolis, June 6, arrive Hampton Roads, June 7; leave Hampton Roads, June 9, arrive Plymouth, England, June 23; leave Plymouth, June 30, arrive Marseilles, France, July 8; leave Marseilles, July 15, arrive Gibraltar, Spain, July 18; leave Gibraltar, July 23, arrive Madeira, Spain, July 26; leave Madeira, August 2, arrive Azores, August 12, arrive Hampton Roads, August 22; leave Hampton Roads, August 27, arrive Annapolis, August 29.

This is the first European trip the midshipmen ever had of its kind, and the crew and midshipmen are patiently waiting for the date to arrive when the word is passed, up anchor and get underway. We have a lot of rookies aboard and this will be their first experience at sea, so you can imagine how those poor landlubbers will feed the fish. Although these willing-to-be-sailors, will enjoy themselves when they land on the beach on the other side, for there are lots of interesting places worth seeing, such as the beautiful wine gardens and parks in France. Another place of interest is the great rock Gibraltar, which affords a magnificent view of the port and surrounding land, from this rock you can see many miles inland, both of Spain and Maderia Africa. In the city of Gibraltar the people treated the American sailors fine on the trip around the world, and we expect to have the same good time again in this port. The Azores Horta are a group of islands, which afford another pleasant stop for us, these islands are something similar to the West Indies. Wishing you could make this trip with us, which I know you would enjoy, I remain, Yours truly,
GEORGE L. SILLIS.

CHALLENGE IS RECEIVED FROM MOUND CITY, ILL.

A challenge from the Mound City Ill., baseball team was received this morning by the B. B. Hook baseball team for a game in Mound City next Sunday. It is probable that the game will be arranged. The Hooks have a stronger team than last season, when the two teams broke even on a series of two games. The Paducah players feel confident of victory although the best of team work has not been developed owing to the fact that the chilly weather has prevented regular practice.

DR. E. G. STAMPER

Expresses Views on Dentistry. Children's Teeth receive Special Mention, "and the Modern Tendency is to Correct Children's Teeth in Infancy," says Dr. Stamper.

Modern science is daily robbing the dental chair of those terrors that formerly drove people to endure disheveled teeth, and the resulting consequent action through lost mastication, on the stomach and digestion rather than subject themselves to an hour's ordeal in the dental chair. This statement was expressed by Dr. E. G. Stamper, whose handsome suite of offices are at 642 Broadway, where he can be reached night or day. His office is the only one in Paducah that is located on the ground floor, thus supplying light, circulation of pure air, and perfect sanitation. Dr. Stamper has demonstrated the fact, that while there are many causes for the loss of teeth and tooth structure, there is but one agency through which this loss may be successfully repaired, and that is by the skill of a competent and reliable dentist. Dr. Stamper makes a specialty of crowns, and bridge work, his wide experience enabling him to successfully treat the most difficult cases. He has practiced dentistry for eight years and has devoted considerable attention to the treatment of alveolar abscess diseases of the gums, and in saving the teeth given up for lost.

Dr. Stamper's patronage is drawn largely from prominent citizens of the city and surrounding county, and owing to his wide knowledge of dentistry, he is in a position to treat all cases. Dr. Stamper is the inventor of many scientific dental specialties and is president of the Paducah Dental Manufacturing company, which produces them. He has invented 2 complete outfits for dentists' use, a sterilizer and a casting machine for making artificial plates of pure aluminum. More than 1,500 of these machines are in use in every state in the union. The sterilizer is placed on a bracket at the chair in full view of the patient, is always ready and supplies warm water for mouth syringes, warm air for chip blower, is a gutter perch heater and a gold annealer—in fact is absolutely efficient in every operation. They also manufacture cast aluminum plates, which are superior to all others because they never break, are the lightest weight known, are sanitary, easily cleaned and refreshing, being a conductor of heat. Among the Stamper specialties are: casting machines, investment compound, base plate wax, gasoline powder plants, air compressors, air tanks, lathes, laboratory cabinets, pure aluminum ingots, spray outfits, tooth paste, with your private label, antiseptic mouth-wash tablets, extra-fine local anesthetic tablets, antipus, for the treatment of abscesses and filling canals, silver white alloy and dressings for plaster impressions.

FEDERAL COURT

(Continued From Page One.)

Walter Evans after being in session since Monday morning. He and the court officials returned to Louisville at 11:25 o'clock this morning.

In order to finish up the docket in time to return home this morning Judge Evans held court until after 11 o'clock last night. The time was taken up in hearing the evidence in the case of the J. T. Morgan Lumber company against the West Kentucky Coal company for \$3,600 damages, resulting in the loss of part of a log raft towed out of Clark's river by the towboat Harth and to be delivered at Brookport. A large number of witnesses were heard and the evidence was finished last night. Arguments were made this morning and the case was submitted to the court. A decision will be handed down in the next few days.

The log raft consisted of 1,604 logs mostly oak, and between 150 and 200 feet long. The raft was pushed downstream and taken on the Illinois side of the towhead below Paducah and was wrecked. The defense introduced witnesses to show that the proper route to Brookport with a raft is on the Kentucky side of the towhead. In all 27 steamboatmen and lumbermen testified.

Simon Baker, who brought suit against the West Kentucky Coal company for \$5,000 for injuries, received in a barge accident, was given judgment for \$100 damages.

In the suit of James Chandler against the steamer John W. Love, the court awarded \$50 to Chandler as salvage. Chandler sued for \$720. When the boat was caught in the ice floes the past winter Chandler risked his life in a yawl at Birdsville and succeeded in boarding the boat, remaining on her until she reached Smithland. There the steamer Ohio towed her safely to shore.

FARMERS' UNION MEETS AT ST. LOUIS NEXT WEEK.

Organizers for the Farmers' Union have gone on a trip through Union and Webster counties. Sam Jones left yesterday for Union county, while O. F. Hughes and W. D. Austin have gone to Webster county. Both counties have been organized, but many new members are being added to the membership. The national mass meeting of the Farmers' Union will be held next week in St. Louis. State Secretary R. L. Barnett from Paducah, and the Rev. H. McGee, of Heath, will attend from western Kentucky as representatives.

IN INDIANA

TAGGART MEN OPPOSE GOV. MARSHALL'S PLAN.

French Lick Magnate Wants Primary For United States Senator.

Indianapolis, April 27.—An open break among delegates to Democratic state convention assembled in the big lobby of the Denison hotel over the question whether the convention, which opens tonight, shall indorse to next year's legislature a candidate for the United States senate or whether a primary election to name a candidate shall be called, brought about earnest conferences among the party leaders to decide upon a course that would forestall a possible disruption of the convention.

The crisis came when John E. Lamb, of Terre Haute, vice chairman of the Democratic national committee, was hoisted upon a chair in the packed lobby of the hotel, denounced as a "boss" Thomas Taggart, former chairman of the national committee, and declared that the convention should not be a "Taggart Christmas tree."

Both Lamb and Taggart are candidates for the nomination to the United States senate. Lamb advocates the plan originally proposed by Gov. Thomas R. Marshall, that the convention shall indorse a candidate. Taggart maintains that the convention is not "popularly representative," and proposes the primary method.

It can be stated upon the best of authority that Senator Shively is opposed to the convention plan or to the state-wide primary plan to nominate a candidate for the senate. He prefers, it is said, that the matter should go to the legislature direct, but as a compromise he would be in favor of calling a party state convention, the delegates being selected for the express purpose of nominating a candidate for the senate.

The friends of Governor Marshall said he had expressed regret that his suggestion for a convention indorsement of a candidate had brought about strife and dissension.

IN SOCIAL CIRCLES

Kentucky Notable at Continental Congress.

The following Washington notes apropos of Kentuckians at the recent D. A. R. Congress will be of interest here:

"In the first place the Blue Grass state has attained the enviable thirty-third degree, masonically speaking, by sending exactly thirty-three ladies to represent her at the Continental Convention, the largest delegation Kentucky has ever been able to boast. Mrs. C. D. Chenault, of Lexington, the retiring state regent, organizer of the Boonesboro Chapter of Richmond, with her two most picturesque young daughters, Misses Sara and Lucy Chenault, has been at her usual headquarters at the Ebbitt. The Kentucky Daughters presented the retiring regent with a most graceful testimonial in silver. Mrs. Sallie Marshall Hardy, of Louisville, one of the most brilliant women of the entire national organization, retiring vice president general, was presented with a purse of gold. Mrs. Hardy, as is her wont, made an eloquent little speech of appreciation. The state of Kentucky presented to Mrs. Hardy, who has done so much for the good of the cause, a silver loving cup. Mrs. Hardy, as chairman of the committee of Revolutionary relics, made an inspired little speech before the congress. Mrs. C. D. Chenault is on the D. A. R. reception committee.

"One of the most beautiful affairs of D. A. R. week was a large tea given by the state regent-elect to the Kentucky congressional delegation and their wives, and to the Illinois D. A. R. delegation, the latter ladies being invited in compliment to Mrs. Matthew T. Scott, of Illinois president general D. A. R., who received with her, Mrs. Johnson's bunnet beauty was set off by a costume of apricot silk, with tulle heavily embroidered in the same color, with ornaments of diamonds and pearls. Receiving with Mrs. Johnson, besides Mrs. Scott, were the latter's sister, Mrs. Adlai Stevenson, former president of the organization; Mrs. C. D. Chenault, Mrs. Sallie Marshall Hardy, Mrs. Donald McLean, Mrs. Milton Durham, of Lexington. Vice President-elect, Mrs. Thompson, of Lexington, state secretary. Presiding in the dining room were Mrs. William C. Cooder, regent of Elizabeth Kenton chapter of Covington. Among the Kentucky guests were: Mrs. John Bate and Miss Margaret Bate, Finncastle chapter; Mrs. Swan and Miss Elsie Swan, of Louisville; Miss Goff, of Winchester; Miss Katherine Shelby Todd, of Shelbyville; Miss Lizzie Lisle, Mrs. Victor Dodge, of Lexington, Ky.; Mrs. Sam Shackelford, formerly Miss Mary McGoffin, and Miss Elsie Dandridge, a charming "kid" delegate from Frankfort. Mrs. William F. Dennis, of the St. Asaph chapter of Danville and Harrodsburg, gave a most exquisite tea in compliment to both the Kentucky and Virginia delegation, her husband being a son of Old Dominion. She was assisted by Mrs. Matthew T. Scott, Mrs. Adlai Stevenson, Mrs. Donald McLean, Mrs. C. D. Chenault, Mrs. Ben Johnson, Mrs. Hardy, Mrs. Milton Durham, her house guests, Mrs. Daniel Moore, of Harrodsburg, and Mrs. Charlton Alexander, of Paris, and other D. A. R. dignitaries. Mr. and Mrs. Thomas Nelson Page were among the notables present. The entire Kentucky delegation was present."

MRS. COOK TELLS TRUTH

In a Signed Statement Mrs. Cook Tells the Truth About How Cardul Brought Back Her Strength.

Dexter, Ky.—"I could not get any relief," says Mrs. Ida Cook of this place, "until I tried Cardul, the woman's tonic."

I was so weak and nervous I could hardly do my housework. I suffered more or less for 10 years, with womanly trouble and sick headaches. Since taking Cardul, for two months, I am in better health than I have been in some time, an regular as clock-work, do not suffer at all and am gaining strength every day."

You can't go wrong in taking Cardul. It is a safe remedy for Women's ills. It acts gently and without bad after-effects.

In deciding on Cardul, you will feel more at ease, in knowing that it is a purely vegetable remedy, that has no powerful drug effects, but acts more naturally, in a tonic way, by gradually building up the womanly strength. Thousands of women have been helped back to health, by Cardul, the woman's tonic.

Two New I. C. Confessions.

Chicago, Ill., April 27.—Two new confessions, it was learned today, have been made to the detectives investigating the alleged conspiracy by which the Illinois Central railroad has been swindled out of between \$3,000,000 and \$5,000,000.

Despite the fact that a large amount of evidence already has been obtained, showing exactly the manner in which much of the graft found its way into the pockets of the men involved, it is declared that a decision has not yet been reached regarding the question of criminal prosecution.

New Cabinet for Treasurer's Office.

A large and handsome cabinet has just been completed by Contractor Jack Cole and installed in the office of City Treasurer George Walters at the city hall. The cabinet will be used to file official papers of all kinds, receipts and back tax bills. The treasurer's office has been handicapped in the past by not having a proper place for these documents.

THERE'S NO RISK.

If This Medicine Does Not Benefit You Pay Nothing.

A physician who made a specialty of stomach troubles, particularly dyspepsia, after years of study perfected the formula from which Rexall Dyspepsia Tablets are made.

Our experience with Rexall Dyspepsia Tablets leads us to believe them to be the greatest remedy known for the relief of acute indigestion and chronic dyspepsia. Their ingredients are soothing and healing to the inflamed membranes of the stomach. They are rich in pepsin, one of the greatest digestive aids known to medicine. The relief they afford is almost immediate. Their use with persistency and regularity for a short time brings about a cessation of the pains caused by stomach disorders.

Rexall Dyspepsia Tablets will insure healthy appetite, aid digestion and promote nutrition. As evidence of our sincere faith in Rexall Dyspepsia Tablets, we ask you to try them at our risk. If they do not give you entire satisfaction, we will return you the money you paid us for them, without question or formality. They come in three sizes, prices 25 cents, 50 cents and \$1.00. Remember you can obtain them only at our store.—The Rexall Store, W. B. McPherson, 425 Broadway.

ODD FELLOWS TO
MEET HERE NEXT

OHIO VALLEY ASSOCIATION
MEETS IN MAY.

Officers Elected at Golconda Yesterday by the Visitors to That City.

CELEBRATION IS HELD HERE.

Paducah was selected as the city for the next annual meeting in 1911 of the Ohio Valley Association of Odd Fellows, which celebrated the ninety-first anniversary of the lodge in Golconda, Ill., yesterday, April, whose showers interfere with almost everything, was discarded and May was chosen as the month for all future meetings. The next meeting will be held here the third Thursday in May, 1911.

About 1,200 Odd Fellows from the cities bordering on the Ohio river were present at Golconda, although the threatening weather reduced the attendance somewhat. From Paducah 250 members of the local lodge went on the steamer Dick Fowler. The Paducah delegation was augmented by the lodges between Paducah and Golconda, and when the steamer reached Golconda yesterday at noon the boat was well crowded. From Brookport and Metropolis and numerous towns there was a liberal attendance. The Illinois Central railroad ran a special train to accommodate the Odd Fellows.

Rain prevented the parade being held, but the remainder of the program was carried out. An enjoyable day was spent by the Odd Fellows and the Daughters of Rebekah. The Metropolis brass band furnished music, while an orchestra was on board the Dick Fowler.

At the election of officers Paducah was represented. Mr. J. Steyer, who was secretary, was elected president of the association, and Mrs. Logan King, of Brookport, Ill., vice president. Alex Venters, of Paducah, was elected secretary, and S. J. Price, of Paducah, was elected treasurer. A member from each city and town was

CATARRH GOES.

So Does Sore Throat, Bronchitis, Croup and Asthma.

You can easily tell by reading the symptoms below, whether you have catarrh or not:

Offensive breath, frequent sneezing, discharge from the nose, stoppage of the nose, huskiness of the voice, tickling in throat, droppings in throat, a cough, pain in chest, loss of strength, variable appetite, spasms of coughing, low spirited at times, raising of mucus, difficulty in breathing, loss of vital force. W. G. Gilbert has a sensible remedy (money back if it fails) for catarrh, called Hyomel (pronounced High-o-mel) which is a vaporized air, so antiseptic that when it is breathed over the inflamed and germ-infested membrane, it kills all germ life, gives relief in two minutes, and cures catarrh.

The price, including hard rubber inhaler, is only \$1.00. The hard rubber pocket inhaler will last a lifetime so that should you need a second bottle of Hyomel, you can get it for 50 cents.

appointed on the executive committee.

Last night degree work was exemplified. The union degree team of Paducah exemplified the Initiatory degree and the degree team of the Daughters of Rebekah also put on degree work on a class of five candidates. The Metropolis degree team exemplified the final degree.

The Paducah members of the lodge returned early this morning. The steamer Dick Fowler left Golconda at midnight on her return trip, and arrived at the wharf at 3 o'clock.

At Mechanicsburg.

The Mechanicsburg lodge, I. O. O. F., which did not participate in the meeting at Golconda, held a celebration at the hall, corner Third and Elizabeth streets, Tuesday evening. There was a large attendance, the hall being well crowded with the wives, daughters and other invited friends of the members.

The meeting was called to order at 8 o'clock by County Clerk Gus Singleton, who acted as master of ceremonies.

The address of the evening was delivered by Past Grand A. E. Stein, who gave a brief history of the origin and institution of the order of Odd Fellows in the United States on April 26, 1819, at Baltimore, Md. A sketch of the founder, Thomas Wildey, and an account of the early workings and progress of the institution was interestingly given. Statistical summaries of the membership, relief of members and money spent for charitable purposes, convinced the gathering of the order's present condition. The principal theme of the address was the Orphan's Home and the Home for the Aged, and the speaker paid a marked tribute in his portrayal of the noble work the order was doing at these institutions, giving personal experiences of visits made. The address was one that appealed to everyone present and was thoroughly enjoyed.

Alderman Joe Potter made a good talk on the Rebekah branch of the order and spoke of the great good that was being done and the assistance rendered by the auxiliary to the subordinate bodies.

A delightful musical program was rendered during the evening by the orchestra, which was under Prof. A. J. Bamberg.

After the speaking a bountiful supper was spread. The large tables fairly groaned under weight of the quantities of eatables, and the feast was ended with the serving of ice cream.

Mechanicsburg lodge is only about two years old, but is one of the most progressive in the city and is giving the other lodges points in managing lodge affairs. The celebration was a fitting success to the efforts of Brother Thomas Goodman and his worthy assistants, and the event will long be remembered.

Held For Postoffice Robberies.

San Angelo, Texas, April 27.—A. E. Pirkey, alias Clarence Douglas, George Davis and James Fielder, convicted a federal court here late this afternoon for robbing postoffices at Novice and Silver Valley, will be sentenced to prison. The men were caught with stolen money and stamps and nitroglycerine. It is believed they had planned several more safe robberies.

EUGENE DEBS

WILL LECTURE IN PADUCAH AT AUDITORIUM.

Great Socialist Leader Will Appear Before Local Public May 23.

Eugene V. Debs, twice the presidential nominee of the Socialist party will lecture in Paducah, May 23. The Auditorium skating rink at Tenth street and Broadway has been secured for the occasion, and the speaking will begin at 8 o'clock in the evening. Debs is a brilliant orator and will not doubt be greeted by a packed house of both curious and interested listeners.

The main purpose of Mr. Debs visit here is said to be for a larger subscription to the socialist organ "Appeal to Reason," of Girard, Kan. Each ticket entitles the purchaser to a year's subscription. Mr. Debs, it is said, is being sent over the United States, explaining socialism and its purpose. He will come here unaccompanied and leave the following day for other points to continue his lectures.
